

2009

Function Package

ISS's Cafeteria is proud to present to you our new Function Menus with the new addition of our complete platter menus for 2008, these work along side our standard pick and mix function menu and have been produced after much research, our ability to continually develop these menus will be of great benefit to you, as we listen and act on regular feedback from you our client.

Other platters are available on request just discuss your requirements with our onsite catering manager

This is only an example of ISS's capabilities and we are happy to discuss all your catering facilities which may include anything from a formal sit down meal to afternoon tea and all this with your added benefit of being produced right here at your Site.
